Description

DR. TIMOTHY NGUYEN is an Associate Professor of Pharmacy practice at the Arnold & Marie Schwartz College of Pharmacy and Health Sciences. He also teaches advanced clinical pharmacology for the graduate division at Saint Peter's University. Dr. Nguyen has extensive experience in nephrology and dialysis pharmacy and he became a certified consultant pharmacist in 2006 and a Board Certified Pharmacotherapy Specialist in 2011.

Dr. Nguyen currently serves as Editor for the Prescription Pad Department for the Journal for Nurses Practitioner and a member of the Editorial Board for the same Journal (since 2012). He was the editor for the NJPhA Student Practitioner Newsletter (2012-2013) and the Hemodialysis Hook-Up newsletter at HNH's Regional Dialysis Center Newsletter (2009-2010). He has published multiple papers related to nephrology pharmacy in both nephrology and pharmacy journals.

Dr. Nguyen practices at The Mount Sinai Kidney Center and serves on nephrology and hospital committees. He previously served as a member of the Pharmacy & Therapeutic (P&T) Committee, the Nephrology Quality Assessment & Performance Improvement (QAPI) Program and the Renal Rehab Taskforce Committee at HNH's Regional Dialysis Center. He hopes to continue advancing the nephrology pharmacy profession through more research in nephrology and dialysis pharmacy in the areas of anemia, mineral and bone disorders, medication-related problems and chronic kidney disease. Dr. Nguyen is also the founding adviser to the College's chapter of the AMSCOP-NJPhA (New Jersey Pharmacist Association) Student Chapter.
